2. I am a member in good standing of the State of New York, and am admitted to practice before the United States Court of Appeals for the Federal Circuit, the United States District Court for the Southern District of New York and the Eastern District of New York, and all New York State courts. I have been admitted *pro hac vice* in many district courts including the Eastern District of Texas, the Northern and Central Districts of California, and the Western District of Washington.
3. My New York Bar membership number is 4632204.

4. I have been in private practice primarily litigating patent cases for the full seven years I have been practicing. Several of these patent litigations concerned Patent Office rules and regulations. For example, in an investigation by the United States International Trade Commission where I represented Apple, Inc., the investigation concerned inequitable conduct and the duty of disclosure. *Certain Electronic Devices, Including Mobile Phones, Portable Music Players, and Computers*, 337-TA-701.

9. In the past three years, I have not appeared *pro hac vice* in any proceedings before the United States Patent and Trademark Office.

11. I received B.S.E. and M.S.E. degrees in Electrical Engineering from the University of Michigan in 2003 and 2004, respectively. I have represented clients in fields

related to electrical engineering in multiple patent-related matters since 2007, including confidential patent-related analysis, and the following exemplary United States District Court cases: *Apple, Inc. v.
