I. INTRODUCTION

A. BACKGROUND OF PATENT OWNER

Patent Owner, UUSI, LLC, dba Nartron Corporation, was founded in 1967 and is based in Reed City, Michigan. Nartron designs, develops, manufactures, and markets electronic systems and components for automotive, truck, military, and consumer product markets. Nartron is a privately owned company with more than one hundred employees at its Michigan manufacturing plant.

Nartron invented the safety technology described in U.S. Patent No. 8,217,612 (the '612 Patent), U.S. Patent No. 7,579,802 (the '802 Patent), and U.S. Patent No. 7,548,037 (the '037 Patent), which was included in a motor controller it sold to Webasto Roof Systems Inc. After Webasto stopped purchasing this controller from Nartron, Nartron sued Webasto, the present Petitioner in the pending IPRs 2014-00648, 2014-00649, and 2014-00650 for infringement of the '612, '037, and '802 Patents. Additionally, Nartron sued Brose, another Petitioner in the pending IPRs 2014-00416 and 2014-00417 for infringement of the '612 and '802 Patents. Photographs of this Webasto-Nartron controller are shown in Exhibit 2018. Photographs of the Brose/Bosch motor and their controller incorporating Nartron's patented technology are shown in Exhibit 2019.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
