UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

INTEL CORPORATION
Petitioner

v.

ZOND INC.
Patent Owner

Case No. IPR2014-00686

**RESPONSE TO NOTICE OF FILING DATE ACCORDED TO PETITION
U.S. PATENT NO. 6,805,779
CHALLENGING CLAIMS 5, 6, 8, 19, 22, 23, AND 43
UNDER 35 U.S.C. § 312 AND 37 C.F.R. § 42.104**

The petition has been accorded the filing date of April 24, 2014 and Administrative Patent Judge Joni Chang has been designated to manage the proceeding.

In the Notice of Filing Date Accorded to Petition (“Notice”), Petitioner was provided five business days to identify “[h]ow the challenged claims is to be construed.”

Accordingly, Petitioner submits a Revised Petition setting forth that the term “multi-step ionization,” which is recited in all the independent claims should be construed as “an ionization process whereby ions are ionized in at least two distinct steps.” Moreover, a small number of section headings were shortened to comply with the 60-page limit. No further changes (e.g., new grounds) were made to the Revised Petition.

Respectfully Submitted,

_____/Michael A. Diener/_____
