

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

PETROLEUM GEO-SERVICES INC.
Petitioner

v.

WESTERNGECO LLC
Patent Owner

CASE UNASSIGNED
Patent No. 7,080,607

PETITIONER'S MOTION TO SEAL UNDER 37 CFR §§ 42.14 and 42.55

Pursuant to 37 CFR §§ 42.14 and 42.55 Petitioner Petroleum Geo-Services Inc. (PGS) respectfully submits this Motion to Seal portions of its Petition for *Inter Partes Review*, as well as certain Exhibits attached thereto, all of which are being filed concurrently with this Motion.

I. Reasons for Sealing Exhibits and Redacting Related Portions of the Petition

The standard governing the Board's determination of whether to grant a

motion to seal is “good cause.” *Garmin v. Cuozzo*, IPR2012-0001, Paper 36 (April 5, 2013). The board aims to “strike a balance between the public’s interest in maintaining a complete and understandable file history and the parties’ interest in protecting truly sensitive information.” *Id.*

PGS’s Petition for *Inter Partes* Review of 7,080,607 includes three exhibits (PGS 1017, 1019, and 1025) that the Patent Owner, WesternGeco, LLC, designated as highly confidential pursuant to a protective order in litigation styled *WesternGeco LLC v. ION Geophysical Corp. et al.*, No. 09-cv-01827, ECF No. 28 (S.D. Tex. Aug. 28, 2009) (Exhibit A). These materials were obtained by Petitioner via compelled discovery in the context of its current litigation against PGS in *WesternGeco LLC v. Petroleum Geo-Services, Inc.*, No. 13-cv-2725, ECF No. 60 (S.D. Tex. Jan. 13, 2014) (Exhibit B), and are subject to a protective order in that litigation as well. *WesternGeco LLC v. Petroleum Geo-Services, Inc.*, No. 13-cv-2725, ECF No. 37 (S.D. Tex. Jan. 13, 2014) (Exhibit C).

Pursuant to Section 4(A)(ii) of the Board’s default protective order, PGS has filed a confidential, non-redacted version of its Petition as well as a redacted version of its Petition to remove references and citations to the sealed information and exhibits. Because the sealed exhibits and redacted portions of the Petition are subject to the aforementioned protective orders, Petitioner brings this motion to seal with good cause and under good faith.

II. PROPOSED PROTECTIVE ORDER

Pursuant to 37 CFR § 42.55(a), Petitioner proposes that the default protective order found in Appendix B of the Trial Practice Guide be entered.

Dated: April 23, 2013

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
