37 C.F.R. §§ 42.14 AND 42.54**

Joint Motion for Entry of Default Protective Order and to Seal  
Case IPR2014-00688  
U.S. PATENT 7,080,607

Pursuant to 37 C.F.R. §§ 42.14, 42.54 and the Board's August 12, 2014 Order (Paper 22), Patent Owner, WesternGeco L.L.C ("WesternGeco" or "Patent Owner") and Petitioner, Petroleum Geo-Services, Inc. ("PGS" or "Petitioner") jointly submit this Motion for Entry of the Default Protective Order and to Seal certain exhibits submitted with the Petition for *Inter Partes* Review ("Petition") filed by Petitioner filed on April 23, 2014, and certain exhibits submitted with the Patent Owner Preliminary Response ("Preliminary Response") filed by Patent Owner on September 16, 2014.

The Petition and certain accompanying exhibits were filed under seal because they contained information that Patent Owner had designated as confidential. The Preliminary Response and all of the accompanying exhibits were filed under seal to allow the parties time to confer regarding which exhibits or portions thereof should remain confidential. Submitted herewith is an updated Patent Owner Exhibit List that identifies which Patent Owner exhibits can be made public, and which Patent Owner exhibits should remain under seal. In addition, a redacted, public version of the Preliminary Response is submitted with this joint motion. Also submitted herewith are updated public versions of Petitioner's Exhibit List and the Petition in light of the withdrawal of certain of Patent Owner's confidentiality designations.

The parties have conferred and have agreed to the terms of the Default Protective Order, submitted herewith as Exhibit 2038.
