**Personal**

I would like to thank Amie, Bill, and Mark for their patience with switching the keybord setting back to US after I had left it on Swedish, and teaching me when to use *have* and *has*. Without the lectures from Frank Cost I would not have gotten the sparkling thought of how PDF can be used as the future of electronic publishing. — *Mattias Andersson*

Summing up three months of intense labor into three sentences is tough, but here goes . . . Thanks to: my mother for believing in me and giving me the chance, Phil & Jim for my sanity, and finally Frank Romano for the opportunity to work with Amie, Mark & Mattias. Working with such a diverse group of talent was a great learning experience.

— *William Eisley*

First, to Frank Romano for the opportunity. To Michael for getting us started, seeing us through, and finishing it off. To the Gang of Four, for being such good guys. And to my family . . . To Mindy, for your spirit and enthusiasm which have always been and inspiration. To Mom and Dad, my role models, my best friends, my heroes, . . . for all you are and all you do.

— *Amie Howard*

I would like to thank my parents, family and friends who's love and support have given me the values and drive to make me who I am today. To the other members of The Gang of Four, thanks for making this project so great. And to Frank Romano . . . thanks a million!

— *Mark Witkowski*
