I, Larry D. Hartsough, Ph.D., hereby declare:

- 1. I am making this declaration at the request of patent owner Zond, LLC, in the matter of the *Inter Partes Reviews (IPRs)* of U.S. Patent No. 7,811,421 (the "'421 Patent"), as set forth in the above caption.
- 2. I am being compensated for my work in this matter at the rate of \$300 per hour. My compensation in no way depends on the outcome of this proceeding.
- 3. The list of materials I considered in forming the opinions set forth in this declaration includes the '421 patent, the file history of the '421 patent, the Petitions for Inter Partes Review, the PTAB's Institution Decisions, and the prior art references discussed below.

I. Education and Professional Background

- 4. My formal education is as follows. I received a Bachelors of Science degree in 1965, Master of Science degree in 1967, and Ph.D. in 1971, all in Materials Science/Engineering from the University of California, Berkeley.
- I have worked in the semiconductor industry for approximatelyyears. My experience includes thin film deposition, vacuum system

design, and plasma processing of materials. I made significant contributions to the development of magnetron sputtering hardware and processes for the metallization of silicon integrated circuits. Since the late 1980's, I have also been instrumental in the development of standards for semiconductor fabrication equipment published by the SEMI trade organization.

6. From 1971-1974, I was a research metallurgist in the thin film development lab of Optical Coating Laboratory, Inc. In 1975 and 1976, I developed and demonstrated thin film applications and hardware for an inline system at Airco Temescal. During my tenure (1977-1981) at Perkin Elmer, Plasma Products Division, I served in a number of capacities from Senior Staff Scientist, to Manager of the Advanced Development activity, to Manager of the Applications Laboratory. In 1981, I co-founded a semiconductor equipment company, Gryphon Products, and was VP of Engineering during development of the product. From 1984-1988, I was the Advanced Development Manager for Gryphon, developing new hardware and process capabilities. During 1988-1990, I was Project Manager at General Signal Thinfilm on a project to develop and prototype an advanced cluster tool for making thin films. From 1991-2002, I was Manager of PVD (physical vapor deposition) Source Engineering for Varian Associates, Thin Film Systems, and then for Novellus Systems, after they purchased TFS.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time** alerts and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
