**Re: Bromfenac product opportunity,
Prolensa[®] and U.S. Patent No. 8,129,431**

Dear Mr. Bertolini:

I am writing to explore a potential mutually beneficial bromfenac product opportunity. Metrics, Inc. has submitted an ANDA for Prolensa[®] with a Paragraph IV certification to U.S. Patent No. 8,129,431 (“the ’431 patent”) and expects ANDA filing acceptance shortly.

In anticipation of ANDA filing acceptance, Metrics’s counsel, Sterne, Kessler, Goldstein & Fox P.L.L.C., has prepared a Petition for *Inter Partes* Review (“IPR Petition”) pursuant to 35 U.S.C. 311 seeking cancellation of all the claims in the ’431 patent.

In addition, Metrics has also developed an improved bromfenac ophthalmic product that has patent protection pending, on which we would consider partnering with Bausch & Lomb. We also have access to a number of additional patents relating to bromfenac that may be of interest to Bausch & Lomb and are available for licensing. If Bausch & Lomb is interested in pursuing discussions on these matters, we are willing to promptly and confidentially share the IPR Petition, as well as information on the new product and additional bromfenac patents.

In the interest of time, we would like to hear from you by March 21, 2014, to set up discussions with the appropriate people.

Metrics, Inc. 1240 Sugg Parkway Greenville, NC 27834 Tel: 252-752-3800 Fax: 252-758-8522 www.metricsinc.com
