CHANG, *Administrative Patent Judge.*

DECISION  
Dismissing Motion for Joinder  
*37 C.F.R. § 42.122*

---

<sup>1</sup> This Decision addresses similar issues in the above-identified proceedings. For efficiency, we issue one Decision to be entered in all of the cases. The parties may not use this style of filing in subsequent papers, without prior authorization.

GLOBALFOUNDRIES U.S., Inc., GLOBALFOUNDRIES Dresden Module One LLC & Co. KG, and GLOBALFOUNDRIES Dresden Module Two LLC & Co. KG (collectively, “GlobalFoundries”) filed a Petition in each of the above-identified *inter partes* reviews, challenging U.S. Patent 6,805,779 B2 (Ex. 1401, “the ’779 patent”) owned by Zond, LLC (“Zond”). Paper 2.<sup>2</sup> Pursuant to 37 C.F.R. § 42.122(b), GlobalFoundries also filed Motions for Joinder, seeking to join its proceedings with proceedings filed by Intel Corporation (“Intel”)—specifically, joining IPR2014-01073 with IPR2014-00598, and IPR2014-01076 with IPR2014-00686. Paper 8.

On September 12, 2014, however, Intel and Zond filed a Joint Motion to Terminate and a true copy of their Written Settlement Agreement, made in connection with the termination, in accordance with 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74(b), in each of Intel’s Proceedings that involved the ’779 patent. *See, e.g.*, IPR2014-00598, Paper 8, Ex. 1013. Upon consideration, we terminated those Intel Proceedings and entered Judgment in each of the Intel Proceedings. *See, e.g., Id.* at 9. The termination of the Intel Proceedings renders the Motions for Joinder filed by GlobalFoundries moot. Although we authorized, in a prior Order, GlobalFoundries to file a revised Motion for Joinder, we did not receive any revised Motion within the time period set forth in the Order.

In consideration of the foregoing, it is hereby

ORDERED that the Motions for Joinder filed in the above-identified GlobalFoundries Proceedings are *dismissed as moot*.
