<sup>1</sup> The Board is entering this Order in each proceeding. The parties are not authorized to use a caption identifying multiple proceedings.

Case IPR2014-01226 (Patent 6,425,035 B2)

Case IPR2014-01463 (Patent 7,934,041 B2)

Case IPR2014-01544 (Patent 7,051,147 B2)

A conference call in the above proceeding was held on July 30, 2015, among respective counsel for Petitioners and Patent Owner and Judges Jung, Powell, Kalan, and Lee. Patent Owner requested the Board's permission to file a corrected Exhibit 2042. Patent Owner indicated that Exhibit 2042 is missing pages. Petitioners opposed Patent Owner's request. Both parties presented arguments as to whether the missing pages should be deemed a clerical error.

The Board reminded the parties that they can jointly stipulate to a revised due date for Petitioners' Reply so that Petitioners can review the missing pages before submitting their Reply.

After considering the parties' arguments, it is:

ORDERED that Patent Owner is authorized to file a substitute Exhibit 2042 with a certification that identifies the corrections made and that the substitute exhibit is identical to the originally filed Exhibit 2042 except for the identified corrections; and

FURTHER ORDERED that Patent Owner is authorized to file a motion to expunge previously filed Exhibit 2042; no response is authorized.
