How to redeem

1. Call the airline's reservation number to check seat availability and the number of frequent flyer miles needed for your desired flight. Tell the airline you intend to use frequent flyer miles-this may limit availability.
2. If seats are available, make your reservation. Be sure to get a confirmation number. Please note: TWA and Virgin Atlantic require you to transfer your Membership Rewards points before booking your reservation.
3. Search for and select the airline's frequent flyer program. Click **Transfer Now** Membership Rewards points (see chart below for required increments). You should only transfer Membership Rewards points to your frequent flyer program if you have a confirmed reservation because you cannot reverse a points transfer.
4. Allow 3-5 business days to complete a transfer into a domestic airline's frequent flyer program. For an international airline's program, allow 14 business days. Call the airline back to confirm that points have been transferred. Then redeem your miles for your reward.
