424-268-5210  
jbaker@farneydaniels.com

P R O C E E D I N G S

(10:00 a.m.)

JUDGE POWELL: Please be seated. Good morning. This is a consolidated hearing for the following three cases: IPR2015-00158, IPR2015-00159, and IPR2015-00163. IPR2015-01353 has been joined with IPR2015-00163. And IPR2015-01376 has been joined with IPR2015-00159.

Each case involves U.S. Patent Number 7,296,121 B2. In the hearing room with me I have Judge Bisk and Judge Begley.

Can counsel please state your names for the record? We will start with Patent Owner, I suppose.

MR. BAKER: Thank you, Your Honor, Jonathan Baker on behalf of Patent Owner, Memory Integrity.

MR. SAUNDERS: Michael Saunders of Farney Daniels on behalf of Patent Owner, Memory Integrity LLC.

MR. RENNER: Karl Renner of Fish & Richardson on behalf of Apple, Samsung, HTC, and Amazon.

MR. DEVOTO: Rob Devoto on behalf of Apple, Samsung, HTC, and Amazon.

MR. HANLEY: Walter Hanley of Kenyon & Kenyon for Petitioner Sony.

JUDGE POWELL: Okay. With that, I will note that, consistent with our hearing order, that the Petitioners

1 will have 120 minutes of argument time. And the Patent  
2 Owner will also have 120 minutes of argument time.

3 This morning we will hear arguments related to the  
4 original claims of the patent. After that, we will take a break  
5 for lunch. And then after lunch we will hear arguments  
6 regarding Patent Owner's motions to amend.

7 So we will start with Petitioners presenting their  
8 case regarding the original claims of the patent. Petitioners  
9 may reserve time. After the Petitioners' arguments regarding  
10 the original claims of the patent, the Patent Owner will  
11 respond. And Petitioners then may use any remaining time to  
12 respond to Patent Owner's presentation.

13 One other housekeeping item, during your  
14 presentations make sure to identify each demonstrative exhibit  
15 clearly and specifically. For example, you can refer to it by  
16 slide or screen number.

17 With that, do we have any questions before we  
18 start? As I said, we will start with Petitioners.

19 I guess I do have one question for Petitioners.

20 MR. RENNER: Yes, Your Honor.

21 JUDGE POWELL: Would you like to reserve  
22 time?

23 MR. RENNER: Your Honor, it is an interesting  
24 proceeding. It is unusual.

25 JUDGE POWELL: Right.

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
