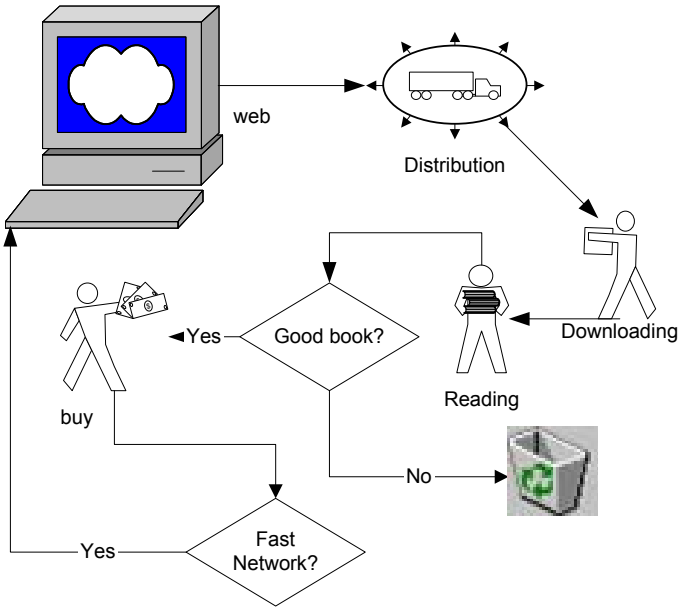
MP3: The Definitive Guide

Scot Hacker

Publisher: O'Reilly

First Edition March 2000
ISBN: 1-56592-661-7, 400 pages

MP3: The Definitive Guide introduces the power-user to just about all aspects of MP3 technology. It delves into detail on obtaining, recording, and optimizing MP3 files using both commercial and Open Source methods. Coverage is complete for four platforms: Windows, Macintosh, Linux, and BeOS. In-depth chapters describe all aspects of the MP3 experience from distributing, streaming, broadcasting, converting, and playing to archiving your collection. Readers will learn how to test their equipment, optimize their encoding times, evaluate their playback options, control and organize a collection, and even burn their own CD's or distribute their own music to a massive worldwide audience over the Internet. In addition, the author fills readers in on the complex legal issues surrounding MP3 files. Everything you need to know to enjoy MP3 today and tomorrow is contained in this single volume.



DOCKET ALARM

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS
Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS
Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS
Sync your system to PACER to automate legal marketing.
