Cellco Partnership
Verizon Wireless Capital LLC
[LOGO OF VERIZON WIRELESS INC.]

Offer to Exchange
Floating Rate Notes due 2003 for
Floating Rate Exchange Notes due 2003
and
5.375% Notes due 2006 for
5.375% Exchange Notes due 2006

Cellco and Verizon Wireless Capital are offering to exchange up to \$1,500,000,000 of new Floating Rate Exchange Notes due 2003 and up to \$2,500,000,000 of new 5.375% Exchange Notes due 2006, which we refer to as the new notes, for up to \$1,500,000,000 of their existing Floating Rate Notes due 2003 and \$2,500,000,000 of their existing 5.375% Notes due 2006, which we refer to as the old notes. The terms of the new notes of each series are identical in all material respects to the terms of the old notes of the same series, except that the new notes have been registered under the Securities Act, and the transfer restrictions and registration rights relating to the old notes do not apply to the new notes.

The new notes and the old notes are joint and several obligations of Cellco and Verizon Wireless Capital, which co-issued the notes.

To exchange your old notes for new notes:

- . you are required to make the representations described on page 124 to us;
- . you must complete and send the letter of transmittal that accompanies this prospectus to the exchange agent, Wachovia Bank, National Association, by 5:00 p.m., New York time, on , 2002, unless the issuers extend the expiration date; and
- . you should read the section called "The Exchange Offer" for further information on how to exchange your old notes for new notes

Each broker-dealer that receives new notes for its own account pursuant to this exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for the old notes where such notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. The issuers have agreed that, for a period of 90 days after the expiration of the exchange offer, they will make this prospectus available to any broker-dealer for use in connection with any such resale. See "Plan of Distribution".

See "Risk Factors" beginning on page 9 for a discussion of risk factors that should be considered by you prior to tendering your old notes in the exchange offer.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the securities to be issued in the exchange offer or passed upon the adequacy or accuracy of this Prospectus. Any representation to the contrary is a criminal offense.

You will be able to resell the new notes without registering them with the SEC if you meet the requirements described below

Based on interpretations by the SEC's staff in no-action letters issued to third parties, the issuers believe that new notes issued in exchange for old notes in the exchange offer may be offered for resale, resold or otherwise transferred by you without registering the new notes under the Securities Act or delivering a prospectus, unless you are a broker-dealer receiving securities for your own account, so long as:

- . you are not an "affiliate", which is defined in Rule 405 of the Securities Act, of either issuer;
- . you acquire the new notes in the ordinary course of your business; and
- . you have no arrangement or understanding with any person to participate, and are not engaged, and do not intend to engage, in a distribution of the new notes.

If you are our affiliate, or you are engaged in, intend to engage in or have any arrangement or understanding with respect to, the distribution of new notes acquired in the exchange offer, you (1) should not rely on our interpretations of the position of the SEC's staff and (2) must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

If you are a broker-dealer and receive new notes for your own account in the exchange offer:

- . you must represent that you do not have any arrangement with us or any of our affiliates to distribute the new notes;
- . you must acknowledge that you will deliver a prospectus in connection with any resale of the new notes you receive from us in the exchange offer; the letter of transmittal states that by so acknowledging and by delivering a prospectus, you will not be deemed to admit that you are an "underwriter" within the meaning of the Securities Act; and
- . you may use this prospectus, as it may be amended or supplemented from time to time, in connection with the resale of new notes received in exchange for old notes acquired by you as a result of market-making or other trading activities.

For a period of 90 days after the expiration of the exchange offer, the issuers will make this prospectus available to any broker-dealer for use in connection with any resale described above.

SUMMARY DESCRIPTION OF THE NOTES

The terms of the new notes and the old notes are identical in all material respects, except that the new notes have been registered under the Securities Act, and the transfer restrictions and registration rights relating to the old notes do not apply to the new notes.

Maturity Date:

Floating Rate Notes...	December 17, 2003
2006 Notes.....	December 15, 2006

Interest Payment Dates:

Floating Rate Notes...	Each March 17, June 17, September 17 and December 17.
------------------------	---

2006 Notes.....	Each June 15 and December 15.
-----------------	-------------------------------

Optional Redemption.....	The issuers may not redeem the floating rate notes at any time prior to maturity.
--------------------------	---

The issuers may redeem any of the 2006 notes at any time at a purchase price equal to 100% of their principal amount plus accrued interest and a "make whole" premium.

Ranking.....	The notes will rank equally to all of the issuers' other existing and future unsecured and unsubordinated indebtedness, but will effectively be junior to all of their existing and future secured indebtedness, to the extent of the value of the assets securing that indebtedness. The notes will also effectively rank junior to all existing and future liabilities of the issuers' subsidiaries, none of which will guarantee the notes.
--------------	--

Certain Covenants.....	The terms of the notes restrict the ability of the issuers and certain of their subsidiaries (as described in "Description of Notes") to create liens on any property that would constitute "principal property" under the indenture and to effect a consolidation or merger. However, these limitations will be subject to a number of important qualifications and exceptions.
------------------------	--

Non-Recourse.....	You will not have any recourse as a holder of the notes to any of the existing or future partners in the partnership.
-------------------	---
