On June 30, 2015, the parties filed a joint motion to terminate each of these proceedings pursuant to a settlement agreement. Paper 25.<sup>1</sup> The parties also filed true copies of their written settlement agreement, made in connection with the termination of these proceedings, in accordance with 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74(b). Exhibit 1025. Additionally, the parties submitted joint requests to have their settlement agreement treated as confidential business information under 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74(c). Paper 26.

These proceedings are in the preliminary stages. The parties submit that termination is appropriate because the parties have settled their dispute and have reached agreement to terminate all of these IPRs. Paper 25, 2. The parties represent that their pending district court litigation has been dismissed and the settlement agreement ends all patent disputes between the parties. Paper 25, 4.

Upon consideration of the requests before us, we determine that terminating these proceedings with respect to both Petitioners and Patent Owner, at this early juncture, promotes efficiency and minimizes unnecessary costs. Based on the facts of these cases, it is appropriate to enter judgment terminating the proceedings without rendering a final written decision. *See* 35 U.S.C. § 317(a); 37 C.F.R. § 42.72.
