PART I

Item 1. Business

General

Verizon Communications Inc. (Verizon, or the Company) is a holding company that, acting through its subsidiaries, is one of the world's leading providers of communications, information and entertainment products and services to consumers, businesses and governmental agencies with a presence in over 150 countries around the world. Formerly known as Bell Atlantic Corporation, we were incorporated in 1983 under the laws of the State of Delaware. We began doing business as Verizon on June 30, 2000 following our merger with GTE Corporation. We have a highly diverse workforce of approximately 176,800 employees.

Our principal executive offices are located at 140 West Street, New York, New York 10007 (telephone number 212-395-1000).

We have two reportable segments, Wireless and Wireline, which we operate and manage as strategic business segments and organize by products and services.

Wireless	Wireless' communications products and services include wireless voice and data services and equipment sales, which are provided to consumer, business and government customers across the United States.
Wireline	Wireline's voice, data and video communications products and enhanced services include broadband video and data, corporate networking solutions, data center and cloud services, security and managed network services and local and long distance voice services. We provide these products and services to consumers in the United States, as well as to carriers, businesses and government customers both in the United States and in over 150 other countries around the world.

The following portions of the 2013 Verizon Annual Report to Shareowners are incorporated into this report:

- "Overview" on pages 10 through 12; and,
- "Segment Results of Operations" on pages 17 through 22 and in Note 13 to the consolidated financial statements on pages 65 through 67.

Wireless

Background

Our Wireless segment is primarily comprised of Cellco Partnership doing business as Verizon Wireless. Cellco Partnership is a joint venture formed in April 2000 by the combination of the U.S. wireless operations and interests of Verizon and Vodafone Group Plc (Vodafone). As of December 31, 2013, Verizon owned a controlling 55% interest in Verizon Wireless and Vodafone owned the remaining 45%. Verizon Wireless provides wireless communication services across one of the most extensive wireless networks in the United States and has the largest fourth-generation (4G) Long-Term Evolution (LTE) technology and third-generation (3G) Evolution - Data Optimized (EV-DO) networks of any U.S. wireless service provider.

On September 2, 2013, Verizon entered into a stock purchase agreement with Vodafone and Vodafone 4 Limited, pursuant to which Verizon agreed to acquire Vodafone's indirect 45% interest in Cellco Partnership d/b/a Verizon Wireless for aggregate consideration of approximately \$130 billion (the Wireless Transaction). We completed the transaction on February 21, 2014 and acquired 100% ownership of Verizon Wireless. The consideration paid was primarily comprised of cash and Verizon common stock.

Verizon Wireless is the largest wireless service provider in the United States as measured by retail connections and revenue. At December 31, 2013, Verizon Wireless had 102.8 million retail connections and 2013 revenues of approximately \$81.0 billion, representing approximately 67% of Verizon's aggregate revenues.

We have substantially completed the deployment of our 4G LTE network. Our 4G LTE network is available to 97% of the
