Hi Will,

For Verizon, it will Jack Minnear, Mike Holden, and myself.

On the revenue, do you mean include it so the mediator can see it? Let me confirm on that for you.

Kevin,

Solocron will have Mr. Ebright, myself, and Matt Powers present at the mediation. Can you let us know who will attend on behalf of Verizon?

Also, we'd like to present the basic revenue and ringtone and message volumes in our mediation brief that data is designated under the protective order. Does Verizon object to that? We would note that the document contains VZW confidential information.

Thanks, Will
