- 1 EXAMINATION BY
- 2 MR. KEAN:
- 3 Q. Will you state your name for the record, please.
- 4 A. Karen MacLean.
- Q. And, Dr. MacLean, the same ground rules from the
- 6 other day are going to apply on today's deposition. So
- 7 verbal answers, please. I will try not to speak over you.
- 8 If you want to break at any time just let me know and we
- 9 can take a break.
- 10 A. Okay. Thanks.
- 11 Q. One thing that came up the other day is you
- 12 mentioned at some point you were feeling kind of tired?
- A. M'mm-hmm.
- 14 Q. If that happens today we can certainly take a
- 15 break whenever you would like.
- 16 A. Yes.
- 17 Q. If you answer my questions I'm going to assume
- 18 that you're able to answer them fully and honestly. Is
- 19 that fair?
- 20 A. Yes, and I will be clear when I want a break.
- Q. Okay. Very good. Today's deposition is going to
- 22 cover opinions you offered in declarations in three
- 23 proceedings. The first is IPR2015-00396, and I'm going to
- 24 refer to that today as the 00396 proceeding. Would you
- 25 understand what I'm talking about?

Page 5 1 Α. Yes. 2 MR. GILBERTSON: Can I interject on that. MR. KEAN: Sure thing. 3 MR. GILBERTSON: Here on the record. One thing 4 we did in an earlier deposition that I think was helpful 5 is to ask that in the reporting of the deposition when 396 7 is used as a shorthand that it be typed as 00396, and when 533 is used, 00533, and when 476 is used, 00476. 8 even if the words that come out of our mouth are 476 it will be helpful for the judges to have it say 00476. 11 is because we refer to patent numbers with just three digits very often but what we're referring to with 00396, 12 13 00533 and 00476 is not patent numbers, but action numbers. So if the court reporter is amenable to that and if all the parties are I would like to make that request. 15 16 MR. KEAN: I think that's a good idea and a 17 helpful way to structure this. 18 (DISCUSSION OFF THE RECORD) 19 MR. KEAN: 20 Okay. Dr. MacLean, I'm going to hand you what 21 has previously been marked 2007 in the 00396 proceeding. 22 Α. Okay. 23 Please turn with me to the last page of that 24 document and confirm that that's your signature? 25 A. Yes, that's my signature.

# DOCKET A L A R M

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

# **Real-Time Litigation Alerts**

Keep your litigation team up-to-date with **real-time** alerts and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

# **Advanced Docket Research**

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## **Analytics At Your Fingertips**

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

### **LAW FIRMS**

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

### **FINANCIAL INSTITUTIONS**

Litigation and bankruptcy checks for companies and debtors.

## **E-DISCOVERY AND LEGAL VENDORS**

Sync your system to PACER to automate legal marketing.
