TRW Automotive U.S. LLC respectfully requests acceptance of its Petition for *Inter Partes* Review of U.S. Pat. No. 8,599,001, including the accompanying papers, and requests that the USPTO accord the Petition a filing date of December 16, 2014. TRW attempted to file this case (and three related cases) electronically on December 16, 2014 using Patent Review Processing System (PRPS), and was assigned the following case numbers: 2015-00436; 2015-00437; 2015-00438; and 2015-00439. Before the cases could be fully uploaded and filed, however, PRPS stopped functioning. Upon speaking with USPTO personnel in the USPTO's Denver office regarding the problem with PRPS, TRW was directed to file on paper with this accompanying motion. The Petition, accompanying papers, and this motion are being mailed to the USPTO on December 16, 2014, as shown in the attached Certificate of Mailing. TRW will continue to attempt to file electronically as well.
