1 APPEARANCES: 1	A. That's correct.
2 On Behalf of the Petitioner: 2	Q. And you're here today to give your
3 Abran Kean 2 ERISE IP 3	deposition in connection with those three declarations
4 5600 Greenwood Plaza Boulevard, Suite 200 4	that you submitted in those three IPRs.
Greenwood Village, Colorado 80111 5	A. That's correct.
5	Q. And just for the record, by agreement of the
On Behalf of the Patent Owner:	parties we'll have one deposition and one transcript
Robert J. Gilbertson 8	for all three of those. All transcripts from the case
7 GREENE ESPEL PLLP	can be filed as exhibits in all of the IPRs. I think
Campbell Mithun Tower, Suite 2200 9 8 222 South Ninth Street 10	the idea was that that would reduce the burden on
Minneapolis, Minnesota 55402-3362	witnesses and reduce duplication. Many of the
9 12	references at issue in the '313 IPRs are the same as
ALSO APPEARING:	references that were at issue in the '245 and '692
10     13       Callie Pendergrass, Senior Technical     14	IPRs, so we don't necessarily have to cover everything
11 Advisor, Erise IP	
12	every time.
13 14 INDEX 16	Are you ready to begin, Dr. Welch?
15 EXHIBITS DESCRIPTION PAGE MARKED 18	<ul><li>A. Yes. Thank you.</li><li>Q. Do you have in front of you the three</li></ul>
16 Ex 2006 Four-page excerpt of Willner	
17Patent 5,874,906 with handwritten1918notations7420	declarations? And for the record I'll note in the 00396 IPR it's Exhibit 1013, in the 00476 IPR it's
19 21	,
20	Exhibit 1009, and in the 00533 IPR it's Exhibit 1008.
21	Do you have all those? A. I do.
22	
24 24	Q. And do those declarations contain true and
25 25	complete statements of your testimony and opinions
Page 3	Page 5
1 PROCEEDINGS 1	relating to these IPRs?
2 (Witness sworn.) 2	A. Yes, they do, at the time of the writing for
3 DR. GREGORY F. WELCH 3	sure.
4 called as a witness, first duly sworn, 4	Q. And is there something that's come up since
5 was examined and testified as follows: 5	that's caused you to believe that there was an error
6 ADVERSE EXAMINATION 6	or something incomplete about them?
7 BY MR. GILBERTSON: 7	A. No.
8 Q. Welcome back, Dr. Welch. 8	Q. Who wrote those declarations?
9 <b>A. Thank you.</b> 9	MR. KEAN: Objection to the extent it calls
10Q. You've been retained as an expert witness by10	for protected information.
11         Sony Computer Entertainment America and have provided         11	A. So I don't know how much we can rely on the
12declarations or direct testimony in seven IPR12	previous deposition that we did back on the 18th, but,
13proceedings relating to APLIX; is that right?13	you know, my answer would be the same as then, which
14         A. That's correct.         14	is that the intellectual content certainly all the
15Q. That includes IPR proceedings relating to15	technical intellectual content came from the out of
16the '245 and '692 patents, and you gave your16	discussions. You know, some of it I may have
17deposition on those two declarations on July 28 and 2917	handwritten, some of it someone else may have hand-
18here in Orlando; is that correct?18	drafted, but it's all intellectually mine. The
19A. That sounds right. I don't remember the19	legal
20dates, but I'll take your word for it.20	And this is this is not specific to this
21 Q. Okay. And you also represent SDEA in 21	necessarily because I don't want to convey or break
22 connection with three different IPRs challenging U.S. 22	confidences in any way, but that's the way I typically
23Patent No. 7,218,313, and for the record I'll just23	work, is we talk, I respond to questions, I give
24 note those are IPR2015-00396, IPR2015-00476, and 24	ideas, and then we draft somehow together, and
25 IPR2015-00533; is that right? 25	that's I believe that's how we did it here.

	Page 6		Page
1	Q. And just so you know, the testimony from the	1	you analyzed in connection with your work on the 003
2	'245 and '692 IPRs will be available in this	2	declaration; is that right?
3	proceeding as well.	3	A. That's correct.
4	It sounds like the process you used to	4	Q. And I'm going to have some questions for you
5	create the three declarations for the '313 patent is	5	today about Pallakoff and Ishihara. They're listed in
6	about the same as the process you used for the '245	6	the 00396 declaration as Exhibits 1006 and 1007; is
7	and '692 declarations.	7	that right?
8	A. That's correct, yeah. As I as I said,	8	Are you having trouble finding them?
9	that's the way I typically work and I believe that's	9	A. I'm having trouble finding Ishihara.
10	the way we did it here, yeah.	10	Q. It's the next one right below Pallakoff.
11	Q. So as with the '245 and '692 IPRs, am I	11	A. Yes, I see it. Okay. It doesn't
12	right that your declarations in the '313 patent IPRs	12	"Certified English Translation" I got
13	do not include opinions about how particular claim	13	it. Thank you.
14	terms in the '313 patent should be construed?	14	Q. And just for the record, I'll note that
15	A. I don't think that they do. I don't recall	15	Pallakoff is Exhibit 1004 in the 00476 IPR and also
16	that. I think I refer to proposed constructions,	16	Exhibit 1004 in the 00533 IPR, and Ishihara is not
17	maybe, in the if I could refer to the 00533	17	used in the 00476 IPR but is Exhibit 1005 in the 0053
18	declaration as the 00533 declaration, I think in there	18	IPR.
19	I refer to proposed constructions by the petitioner,	19	Dr. Welch, how did Pallakoff initially come
20	and it's my understanding that since then that the	20	to your attention?
21	board has adopted those constructions. But beyond	21	MR. KEAN: Objection to the extent it calls
22	that, I have not, that I recall, offered an opinion on	22	for privileged information and protected information.
23	any claim construction.	23	A. I don't recall, as I think I've said before.
24	MR. GILBERTSON: This is a question for	24	I looked at and discussed a lot of art which is
25	counsel for SDEA. It occurred to me that the	25	typical for me if I do something like this with the
	Page 7		Page

**DOCKET A L A R M** Find authenticated court documents without watermarks at <u>docketalarm.com</u>.

## DOCKET A L A R M

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## **Real-Time Litigation Alerts**

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

### **Advanced Docket Research**

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## **Analytics At Your Fingertips**

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

#### API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

#### LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

#### FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

#### E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
