ABOUT THE AUTHORS

David Fox lives in New York City, where he writes novels, screenplays, articles, and technical stuff, depending on how broke he is. Currently he's keeping pretty darn busy programming for a major multimedia company. He's worked on several Waite Group Press titles, including *Love Bytes: The Online Dating Handbook* and *Web Publisher's Construction Kit with VRML/Live 3D*.

Troy Downing is a Research Scientist and Programmer specializing in Internet technologies at New York University's Media Research Lab. He is also adjunct faculty in the Information Technology Institute of NYU, where he teaches classes on Web Server Technologies, Java, CGI, and HTML authoring. Troy is a founder and part-owner of WebCal, LLC, an Internet software development company specializing in Web-based groupware. Troy has co-authored numerous Web-related books, including *HTML Web Publisher's Construction Kit*, *Java Primer Plus*, and *Java Virtual Machine*. Besides his involvement in Internet technologies, Troy is also an avid mountain biker, homebrewer, and is having fun being a father to his daughter, Morgan.
