[Our Proprietary Products Division](#)

Thanks for your interest in becoming an employee of Par Pharmaceutical Companies, Inc.

We develop, manufacture, market and distribute high-quality pharmaceuticals through two divisions: Par Pharmaceutical, our generic drug division, and Strativa Pharmaceuticals, our proprietary products division. We offer a wide range of interesting employment opportunities and are continually looking for key external talent to complement our existing workforce and enhance our organizational strength, adding the diversity required to continue along our successful path.

We currently employ over 600 talented individuals at our facilities in Woodcliff Lake NJ, Spring Valley NY and Suffern NY, with 175 employees throughout the United States in our Strativa sales force.

Our culture is one of our most distinguishing assets. It has developed over the years through a combination of entrepreneurial spirit and alignment to Core Values:

- Integrity
- Customer Focus
- Teamwork
- Performance Driven

If these values align with yours, you may have what it takes to be a part of our high-performing team!

We aim to attract and retain personnel who possess the best skills available and who contribute to our company and its divisions through their attitude and strong work ethic.

We offer our employees a high-quality working environment together with attractive compensation and benefits, and ongoing opportunities for growth and development.
