⚠ WARNINGS ⚠

- Failure to follow all warnings and instructions could result in serious injury or death.
- This product is intended for use by one child at a time.
- Never leave child unattended. Always keep child in view.
- Bassinet, changer and/or playard, including side rails, **MUST** be fully erected prior to use.
- Keep playard away from stoves, heaters, campfires, fireplaces and other hazards which can burn or cause injury to child.
- **DO NOT** use accessories other than those provided by Century.
- Strings can cause *strangulation*. **DO NOT** place items with strings around a child's neck (such as hood strings, pacifier cords, etc.). **DO NOT** suspend strings over playard, bassinet or attach strings to toys.

- **DO NOT** place playard or bassinet near a window where cords from blinds or drapes can strangle child.

- **DO NOT** use any part of Care Center in a motor vehicle. Serious injury or death could result from a sudden stop or accident.

ASSEMBLY AND USE

Playard

- 1 Pull travel bag up and over top of playard.

- 2 Stand playard assembly so playard floor loop is on top and legs and wheels are on bottom.

- 3 Unfasten attachment straps that secure floorboard around playard frame.

- 4 Separate playard legs to approximately two feet apart.

IMPORTANT: Floor loop **MUST** remain raised at least 45.7 cm (18 inches) in order for rails to lock.

- 5 Pull up on top rails until all “click” and lock.

NOTE: Rail locks are located in center of top rails and are completely enclosed within top rail fabric.

Rail Lock

⚠ WARNING

Top rails **MUST** be fully erected and locked prior to use.

Be sure all top rails are straight and locked in position or child may become entrapped and suffocate.

Test by pushing down on each top rail to be sure they are locked.

- 6 Push down on center of playard floor until it locks into flat position.

HINT: It may be necessary to lift end of playard off of floor before pushing down center.

- 7 Place floorboard in playard with padded side facing up.

NOTE: If using playard with bassinet, **DO NOT** install floorboard.

ASSEMBLY AND USE continued

- 8** Secure floorboard to playard by passing attachment strap through hole in bottom of playard floor and securing attachment strap to underside of playard.

Repeat for other end of floorboard.

WARNING

To prevent child from *suffocating*, attachment straps must be secured to underside of playard.

Playard assembly is now complete and ready to use.

WARNING

Avoid serious injuries or death:

- Use with child who weighs less than 14 kg (30 lbs.) and is less than 89 cm (35 inches) tall and cannot climb out.

- **DO NOT** use as playard without floorboard being properly secured to playard floor.

- **DO NOT** add padding or objects inside playard that will permit child to climb out.

- **DO NOT** move or fold playard with child in it.

- **SUFFOCATION HAZARD:** To help prevent suffocation from entrapment, use only floorboard provided by Century. **NEVER** use additional mattress or padding.

Bassinet

- 1** Remove bassinet from pocket of travel bag.

- 2** Lay bassinet on flat surface.

- 3** Spread open bassinet:

- Rotate and extend four (4) hooks until they “click” in place.

- 4** If floorboard is installed in playard, remove floorboard.

- 5** Fold floorboard into “W” shape and place in center of bassinet.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
