1   KEVIN CLEARY, MD, after having

2 been first duly sworn, was examined and

3 testified as follows:

4   -   -   -

5   EXAMINATION

6   -   -   -

7 BY MR. KREEGER:

8   Q.   Morning, Dr. Cleary. My name is

9 Matthew Kreeger. I know we met off the

10 record. And I'm here today to take your

11 cross-examination by deposition.

12   Have you given a deposition

13 before?

14   A.   I have, but it's been about five

15 or six years.

16   Q.   Were you serving as an expert

17 witness in that case?

18   A.   I was.

19   Q.   And what was that case about?

20   A.   To be honest, I can't remember

21 the details of that case right now.

22   Q.   Anything to do with patents?

23   A.   It had to do with patents, yeah.

24   Q.   And it's just the one time that

25 you've been deposed?

1   A.   I keep thinking there was a time

2   before that about ten years ago, but I only

3   recall the one time right now.

4   Q.   Do you remember what the

5   technology was that was involved in that prior

6   case?

7   A.   You know, I want to say it was

8   in the medical robotics or image-guided

9   surgery field, but I couldn't be absolutely

10 sure of that.

11   It was certainly a technology

12 case.

13   Q.   And do you remember any of the

14 parties involved?

15   A.   Medtronic was one of the parties

16 involved with that, but I don't remember the

17 second party.

18   Q.   And when were you initially

19 contacted to become involved in this case?

20   A.   It was in the fall of this year.

21 So I think it was in the October time frame.

22   Q.   And who contacted you?

23   A.   I want to say it was Omar from

24 this firm who was my first point of contact.

25   Sorry. I'm not supposed to look

DOCKET ALARM

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS
Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS
Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS
Sync your system to PACER to automate legal marketing.

fastcase
Smarter legal research.
