HON. COCKS: Good afternoon.
This is Judge Cocks. I have with me
on the call Judge Jung. This is a
conference call for IPR 2015-00632.

It sounds like we have quite a
few parties on the call. We'll start
with Petitioner. Do we have counsel
for Petitioner?

MR. GINSBERG: Yes, you do, your
Honor. This is Jeff Ginsberg for U.S.
Endodontics. With me is back-up
counsel Abhishek Bapna.

HON. COCKS: Thank you,
Mr. Ginsberg. Do we have counsel for
Patent Owner?

MR. LIEBERMAN: This is Steve
Lieberman for the Patent Owner and
with me is Nicky Gifford.

HON. COCKS: Thank you,
Mr. Lieberman. I do understand there
is a court reporter. Who arranged for
the court reporter on this call?

MR. GINSBERG: Petitioner did,
your Honor.

PROCEEDINGS

1
2 HON. COCKS: Mr. Ginsberg, once
3 you have a transcript for the call,
4 please file it as an exhibit?

5 MR. GINSBERG: Absolutely.

6 HON. COCKS: Thank you.

7 I understand, Mr. Ginsberg, you
8 requested this call because of
9 objections to Patent Owner's
10 demonstratives. Why don't you fill us
11 in?

12 MR. GINSBERG: Yes, your Honor.

13 The parties exchanged
14 demonstratives a couple days ago, had
15 a meet-and-confer conference a couple
16 days ago where we resolved many
17 issues, but there are still some
18 outstanding objections to Patent
19 Owner's demonstratives we would like
20 to address with the board.

21 I believe Ms. Gifford, earlier
22 today, had sent the slides that are at
23 issue. I am not sure if the board has
24 those but essentially, in a nutshell,
25 there are 12 of the demonstrative

PROCEEDINGS

1
2 slides that the patent owner wants to
3 include with their presentation that
4 we believe runs afoul of this Court's
5 Order Number 64, which referred us to
6 the CBS Interactive case as well as
7 the St. Jude Medical case.

8 The problems we have with these
9 slides are that they mischaracterize
10 the record and they also include
11 evidence that are not discussed in any
12 paper.

13 So specifically, if we go to the
14 first slide to which there is an
15 objection, which was slide 15 in their
16 original presentation, they include a
17 particular thermogram. It is a figure
18 from one of the references that is at
19 issue in this case. It is the Kuhn
20 reference, which is Exhibit 1019.
21 Specifically they refer to Figure 4A.

22 In the heading of this slide
23 they refer to their expert, who is
24 Dr. Sinclair, and indicate that
25 Dr. Sinclair's declaration shows

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
