Dear Dr. Luebke:

Bobby Bennett suggested that we speak about the next steps towards creating a partnership with D&S Dental. The Westbury Group is advising D&S Dental about various matters, especially about commercialization of their products. We propose you and Bobby meet in the next couple of weeks. The purpose of the meeting is to negotiate a licensing and royalty agreement for the assignment of the intellectual property you have developed, or a similar structure that will lead to commercialization.

We appreciate that time is of the essence for your patent case, and also you have a busy practice, so we'd like you to suggest a couple of dates for a meeting. I think you would find it helpful to see the D&S Dental factory at some point (I was very impressed with their capabilities when I first visited), so please consider coming to Johnson City, Tennessee. The closest airport is Tri-Cities (TRI).

If you have any questions please call me.

Sincerely

Patrick Huddie
