John,

I write to follow up on Wednesday's meet-and-confer call. We accept Plaintiffs' proposal to remove all confidentiality designations from those portions of Dr. Wolinsky's deposition transcript specifically identified in my February 26, 2016 letter to you. As of now, we will treat those portions of the Wolinsky deposition transcript as public. In exchange, we agree to withdraw our request in my February 26 letter to de-designate the identified portions of Dr. Pinchasi's transcript.

Best,
Dave
