

Copaxone® 40mg/mL Extended Units Q1 2014 – Q3 2015

Number of Units
(in thousands)

Source: IMS

Note: Copaxone® 40mg/mL was approved by the FDA on January 28, 2014. Extended units are the number of units of the drug sold at the wholesale level. Extended units data for Q3 2015 include only July and August. Values for Q3 2015 are extrapolated by multiplying July and August sales by 3/2.
