P R O C E E D I N G S

(10:02 a.m.)

JUDGE OBERMANN: Please be seated. Welcome to the PTAB. I want to apologize, first of all, I did try to get the bigger courtroom but there is another Pharma case that has five cases going on today and they wouldn't switch with me, so I apologize for the smaller quarters. Hopefully we will make due. I know that they set up the other courtroom for your overflow.

This is a consolidated final hearing in IPR2015-00902 and IPR2015-00903. I'm Judge Grace Obermann. And with me today on the Panel are Judge Frank Prats and Judge Erica Franklin.

Let's start with counsel introductions, beginning with Petitioner. Please identify who will present argument and who is at the table.

MR. MALIK: Good morning, Your Honors. Jitendra Malik. I will be presenting arguments for InnoPharma. With me is James Abe and also Joe Janusz.

JUDGE OBERMANN: Thank you. And for Patent Owner?

MR. DINER: Good morning, Your Honor. My name is Bryan Diner. I will be presenting for the Patent Owners. And with me is Justin Hasford at the table and Chiaki Fujiwara.

1                    Would you like me to introduce the rest of my --

2                    JUDGE OBERMANN: You may introduce

3 whomever you want.

4                    MR. DINER: Thank you, Your Honor. Jessica  
5 Lebeis and Joshua Goldberg.

6                    JUDGE OBERMANN: Thank you. Welcome. I  
7 just have a couple of preliminary things I wanted to say. As  
8 you know from the hearing order, each side will have 60  
9 minutes to present their case.

10                   I know that Petitioner has already reserved 15  
11 minutes. Is that still the structure that you would like, Mr.  
12 Malik?

13                   MR. MALIK: Yes, Your Honor.

14                   JUDGE OBERMANN: Okay. Thank you very  
15 much. I wanted to say a word about objections. One of my  
16 goals is to keep the hearing focused on the merits.

17                   So toward that end I'm going to ask counsel not to  
18 interrupt their opponents in order to interject objections. You  
19 may raise and discuss any objections during your own  
20 response time or rebuttal time but, in other words, I don't want  
21 you to make objections while the other person has their time  
22 running.

23                   The one exception to that is, we're very aware,  
24 we've read the briefs, we know that there is quite a bit of  
25 briefing that has been done on secondary considerations and

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
