Sauder definitely knows we are on this, we met the rep for the chairs as we were looking over the chairs in one of the occupied rooms. I think this made him a little uncomfortable :)

Attached are pictures of the first wave of 400 Sauder trey chairs that were being delivered today to 2 BEQs aboard [REDACTED]. I also included pictures of the release mechanism and base for PD to review. Also pictured are new vinyl mattresses that were coming in for replacements.
