## VIRNETX AND NEC CORPORATION AND NEC CORPORATION OF AMERICA SIGN A PATENT LICENSE AGREEMENT

Posted on 03. Aug, 2012 by [admin](#) in [Press Releases](#)

ZEPHYR COVE, NV August 3, 2012 – VirnetX Holding Corp. (NYSE MKT: VHC) and NEC Corporation and NEC Corporation of America (the “Parties”) today announced that on August 2, 2012, they signed a Patent License Agreement (the “Agreement”). Under the terms of the Agreement, VirnetX has agreed to license certain of its patents to NEC Corporation and NEC Corporation of America, for a one-time payment to VirnetX and an ongoing reasonable royalty on future sales as outlined in the Agreement with respect to certain current and future IP telephony products supporting encrypted communications.

Under the terms of the Agreement, the Parties have also agreed to dismiss the patent infringement case brought by VirnetX before the U.S. District Court for the Eastern District of Texas. All other aspects of the agreement were not disclosed.

“We are pleased to have come to an agreement with NEC Corporation and NEC Corporation of America on terms consistent with our VirnetX IP Licensing program,” said Kendall Larsen, VirnetX President and CEO.

VIRNETX EXHIBIT 2051  
Mangrove v. VirnetX

Statements in this press release that are not statements of historical or current fact, including statements regarding the strength of the patent portfolio, constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding the Company’s patent portfolio, legal proceedings and licensing efforts. Such forward-looking statements are based on expectations, estimates and projections about the markets in which the Company operates, management’s beliefs, and certain assumptions made by management and involve known and unknown risks, uncertainties and other unknown factors that could cause the actual results of the Company to be materially different from the historical results or from any future results expressed or implied by such forward-looking statements, including but not limited to (1) the outcome of any legal proceedings that have been or may be initiated by the Company or that may be initiated against the Company; (2) the ability to capitalize on the Company’s patent portfolio and generate licensing fees and revenues; (3) the ability of the Company to be successful in entering into licensing relationships with its targeted customers on commercially acceptable terms; (4) potential challenges to the validity of the Company’s patents underlying its licensing opportunities; (5) the ability of the Company to achieve widespread customer adoption of the Company’s GABRIEL Communication Technology™ and its secure domain name registry; (6) the level of adoption of the 3GPP Series 33 security specifications; and (7) the possibility that Company may be adversely affected by other economic, business, and/or competitive factors. In addition to statements which explicitly describe such risks and uncertainties, readers are urged to consider statements labeled with the terms “believes,” “belief,” “expects,” “intends,” “anticipates,” or “plans” to be uncertain and forward-looking. The forward-looking statements contained herein are also subject generally to other risks and uncertainties that are described from time to time in the Company’s reports and registration statements filed with the Securities and Exchange Commission, including those under the heading “Risk Factors” in Company’s Annual Report on Form 10-K filed with the SEC on February 29, 2012 and in the Company’s Quarterly Report on Form 10-Q filed with the SEC on May 10, 2012. Many of the factors that will determine the outcome of the subject matter of this press release are beyond the Company’s ability to control or predict. Except as required by law, the Company is under no duty to update any of the forward-looking statements after the date of this press release to conform to actual results.
