# Patient Services

## At OnePath<sup>®</sup>, We're Here to Help

For eligible US Residents.\*

OnePath is designed to provide eligible patients and their families with product support. When you enroll in OnePath, you'll be assigned a Case Manager. OnePath Case Managers have access to a variety of important resources to help you with many different aspects of your therapy. OnePath currently assists patients affected by Type 1 Gaucher disease, Hereditary Angioedema (HAE), and Hunter syndrome (MPSII) in gaining access to the Shire medication prescribed by their physician.

\*OnePath is available in Canada for patients affected by Hereditary Angioedema. Please contact 1-877-596-6855 for more information.

### **OnePath provides streamlined product support through a Case Manager who:**

- Helps navigate insurance access and coverage issues
- Works with specialty pharmacies to help facilitate treatment access
- Provides information about possible additional financial support through a variety of assistance programs
- Provides information about educational events sponsored by Shire

### CONTACT US

Our Case Managers are available Monday through Friday, 8:30am to 8:00pm, Eastern Time, at 1-866-888-0660
