Anthony,

We represent the Initiative for Responsibility in Drug Pricing ("IRDP"). IRDP's mission is to improve America's access to low cost generic pharmaceuticals. Additional information on IRDP can be found at [www.irdp-patents.net](http://www.irdp-patents.net).

Please find attached three draft Petitions for Inter Partes Review for US Patent Nos. 6,045,501 and 6,315,720. Also attached is a chart showing the patent family relationships for the '501 and '720 patents.

IRDP intends to file the attached IPRs this Friday, July 18. Please give me a call if you have any questions or would like to discuss the attached.

Regards,

Marc
