Aziz:

Horizon will not oppose Par's proposed motion to file its objections but reserves the right to oppose any Par motion to exclude on grounds that Par's objections were not timely filed or are otherwise deficient.

Dear Counsel,

I write in regard to Par's objections to the evidence cited in each of Horizon's March 28, 2016 Responses. Par timely served its objections on Horizon on April 4, 2016, but inadvertently failed to concurrently file its

objections on the relevant dockets. Par plans to file a motion to file its previously served objections. Please let us know if Horizon consents to this motion.

Thanks,

Aziz

Aziz,

The errata appears to be fine. I suggest that we attach it to the transcript exhibit we file with our responses on Monday. Please let me know if you object to that. Thanks.
