REQUEST TO DISMISS APPEAL

Madam:

Johnson Matthey, Inc., the Third Party Requester and Appellant in the appeal of the subject *inter partes* reexamination proceeding (“Appellant”), withdraws its appeal to the Board, including all of its appeal briefs and supporting papers, and requests that its appeal to the Patent Trial and Appeal Board be dismissed.

Appellant has entered into a license agreement with BASF Corporation, the Patent Owner Respondent in the subject appeal. As such, Appellant will make no further comments or otherwise participate in the subject *inter partes* reexamination proceeding, including in any scheduled oral hearing on the appeal. The Patent Owner Respondent has not filed a cross-appeal in this proceeding. Therefore, in the interests of preserving U.S. Patent and Trademark Office resources, Appellant requests that its appeal be dismissed, and that jurisdiction of the subject reexamination proceeding be remanded to the Central Reexamination Unit so that a Reexamination Certificate may be issued.

No fee is believed due. However, any fee required in connection with this paper may be charged to Deposit Account No. 06-1205.

Appellant's undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence intended to be sent to the Appellant should be directed to the address listed below.

Respectfully submitted,

Date: February 27, 2013
