Matt

The pages were to be cited in the declaration but unfortunately omitted.

I got the filing wrong; it is my name on the papers.

I agree that we should tell the Board we are discussing further.

Tom

Thanks, Tom. We can mention (1) on the call today.

On (3), why are these clerical errors? It's not clear in your motion. Are you saying the you had planned to file the additional documents on the due date, but your paralegals got the filing wrong? We have not had time to discuss the motion yet (you should have contacted us before you filed), but I'm ok with telling the Board that we would like the chance to discuss further before Sony files an opposition.
