**DECLARATION OF JINNIE L. REED  
IN SUPPORT OF MOTION FOR ADMISSION *PRO HAC VICE***

Energetiq  
Exhibit 2004, Page 1  
Case IPR2015-01375

I, Jinnie L. Reed, declare as follows:

1. I am an attorney licensed to practice law in the Commonwealth of Massachusetts. I am also admitted to practice before the U.S. District Court for the District of Massachusetts.

2. I am a member in good standing of the Bar of the Commonwealth of Massachusetts.

3. I have never been suspended or disbarred from practice before any court or administrative body.

4. I have never been denied admission to practice before any court or administrative body.

5. I have never been subject to sanctions or contempt citations imposed by any court or administrative body.

6. I have read and will comply with the Office Patent Trial Practice Guide and the Board's Rules of Practice for Trials, as set forth in title 37, part 42 of the Code of Federal Regulations (C.F.R.).

7. I agree to be subject to the United States Patent and Trademark Office Rules of Professional Responsibility set forth in part 11 of 37 C.F.R. and to disciplinary jurisdiction under 37 C.F.R. § 11.19(a).

8. I am applying to appear *pro hac vice* before the United States Patent and Trademark Office in the following proceedings: IPR2015-01277, -01279, -01300, -01303, -01362, -01368, -01375, and -01377. Each of these proceedings is related to this matter, as indicated in the Patent Owner's Mandatory Notices. IPR2015-01375, Papers 6 and 12.

9. I am an associate at the law firm of Proskauer Rose LLP ("Proskauer"). I joined Proskauer as an associate in 2011.

10. I am an experienced litigating attorney and have specific experience in patent law and patent law litigation. I have represented clients in numerous patent infringement actions across the country in various technical fields, including actions concerning lithium batteries, data and telephony communication in cable networks, mechanical devices, mobile devices, and consumer electronics, among other technologies.

11. I have an established familiarity with the subject matter at issue in IPR2015-01375. Specifically, I have reviewed the challenged patent, the Petition, and the accompanying exhibits. I represent Energetiq Technology, Inc. ("Energetiq") in matters relating to its patents, including U.S. Patent No. 9,048,000, which is the patent at issue in this IPR. For example, I represent Energetiq before the International Trade Commission in the Matter of *Certain*

*Laser-Driven Light Sources, Subsystems Containing Laser-Driven Light Sources, and Products Containing Same*, Docket No. 3107, (the “ITC matter”) filed on December 15, 2015, which involves the patent at issue in this IPR. I have been involved in preparing Energetiq’s patent infringement arguments and patent validity arguments, including such arguments as they relate to U.S. Patent No. 9,048,000, in the ITC matter.

12. Through my representation of Energetiq and by working with Energetiq during that time to understand the technologies at issue, I have acquired substantial understanding of the technology at issue in this IPR, which pertains to laser-driven light sources and applied physics. My knowledge of this technology has been enhanced by my educational background: in addition to holding a juris doctor degree, I hold a Bachelor of Science degree in electrical engineering.

13. I declare that all statements made herein are true and that all statements made on information and belief are believed to be true; and further that these statements were made with full knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code.
