7 EXAMINATION BY MR. COULSON:

8

9 Q. Good morning, Dr. Michalson.

10 A. Good morning.

11 Q. My name is Chris Coulson of the firm  
12 of Kenyon & Kenyon, as you know, representing the  
13 patent owners in this -- in IPR 201501432. And  
14 you're here to testify regarding -- in that IPR,  
15 regarding the 794 patent -- with regards to the  
16 794 patent, right?

17 A. Yes.

18 Q. And you've been deposed a number of  
19 times, Dr. Michalson; is that right?

20 A. Yes.

21 Q. Okay. So I'll just go through this  
22 briefly. Is there any reason you can't testify  
23 truthfully and accurately?

24 A. No.

Q. And would you let me know if you

1 have any -- don't understand any of the questions  
2 I ask?

3 A. Sure.

4 Q. Thank you. Do you know Dr. Bajaj?  
5 That's B-A-J-A-J.

6 A. No.

7 Q. Are you familiar with the computer  
8 science program at the University of Texas Austin?

9 A. Not specifically. I'm aware that  
10 they have a computer science program, yes.

11 Q. At this point, I'm going to hand you  
12 a copy of what's been previously marked as  
13 Exhibit 1050, which is your declaration in  
14 response.

15 MR. DAY: Just to clarify, I think  
16 he said 1050. I think this is 1015 in the  
17 IPR. Are we using the same exhibit  
18 numberings as the exhibits that have  
19 already been submitted?

20 MR. COULSON: Thanks, I misspoke.  
21 Exhibit 1015. We'll try to stick with the  
22 previously-admitted exhibit numbers. By  
23 the way, I'd like to -- Counsel, there  
24 will -- I'd like to serve the exhibit list

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
