BYRON ROGERS FEDERAL BUILDING
UNITED STATES PATENT AND TRADEMARK OFFICE
BEFORE THE PATENT TRIAL AND APPEAL BOARD

HTC CORPORATION, and
HTC AMERICA, INC.,

Petitioner

v.

PARTHENON UNIFIED MEMORY ARCHITECTURE LLC.,

Patent Owner.

Case IPR2015-01500 (Patent 7,321,368 B2)
Case IPR2015-01501 (Patent 7,777,753 B2)
Case IPR2015-01502 (Patent 7,542,045 B2)

Oral Hearing Held: September 19, 2016

Before: JAMES B. ARPIN, MATTHEW R. CLEMENTS (via videoconference) and SUSAN L. C. MITCHELL (via videoconference), Administrative Patent Judges.

The above entitled matter came on for hearing on Monday, September 19, 2016, at the Byron Rogers Federal Building, 1961 Stout Street, 14th Floor, Denver, Colorado at 10:59 a.m.

APPEARANCES:

ON BEHALF OF PETITIONER:

HTC CORPORATION, and HTC AMERICA, INC.:
    JOSEPH MICALLEF, ESQ.
    Sidley Austin LLP
    1501 K Street, N.W.
    Washington, DC 20005
    (202)736-8492

ON BEHALF OF PATENT OWNER:

PARTHENON UNIFIED MEMORYARCHITECTURE LLC.
    GREGORY J. GONSALVES, ESQ.
    Gonsalves Law Firm
    Falls Church, Virginia
    (571)419-7252
    (Appeared via telephone)

1	P R O C E E D I N G S
2	(10:59 a.m.)
3	JUDGE ARPIN: Well, good morning to
4	everybody here in Denver, to the judge participating from
5	San Jose, and good afternoon to Judge Mitchell and to
6	Patent Owner's counsel appearing on the East Coast.
7	This is a hearing for HTC Corp and HTC
8	America, Inc. vs. Parthenon Unified Memory
9	Architecture, Inc. It's three separate cases we're going to
10	hear today.
11	MS. SANCHEZ: The telephonic caller is not
12	yet connected.
13	JUDGE ARPIN: Oh, okay. Well, then we'll
14	pause for a moment and wait for the telephonic caller to
15	get connected.
16	MS. SANCHEZ: Okay.
17	JUDGE ARPIN: Do we have everybody
18	attached now?
19	MS. SANCHEZ: He was given instructions.
20	JUDGE ARPIN: We'll give them another
21	minute or two.
22	(Discussion off the record.)
23	JUDGE ARPIN: We seem to be having some
24	technical difficulties. I'm going to adjourn for five
25	minutes, and we'll start again at 10 past. Thank you very

1   much. I'm sorry for the inconvenience and hopefully

2   when we try this again, it will work flawlessly. Thank

3   you.

4   (Off the record from 11:06 a.m. until 11:14

5   a.m.)

6   JUDGE ARPIN: Please be seated.

7   All right. We will try to begin this again. I

8   have to apologize to the parties here and to the Patent

9   Owner on the line, that the problem was a transposed

10   number on our end, not a problem with Patent Owner

11   trying to get through. So we will begin again.

12   Today's hearing is for three separate cases

13   between HTC Corp and HTC America, Inc. and -- vs.

14   Parthenon Unified Memory Architecture, Inc. The case

15   numbers are IPR2015-01500, 2015-01501 and 2015-

16   01502.

17   I'd like to take a moment to introduce the

18   judges. The Patent Owner can't see our monitor here in

19   the courtroom, but on our left, we have Judge Clements,

20   who is joining us remotely from San Jose, and we -- on

21   our right, we have Judge Mitchell, who is joining us

22   remotely from Alexandria. I'm Judge Arpin, and I

23   welcome those people, who have come to Denver, to

24   Denver, and we have a representative from the Patent

25   Owner, I understand, Mr. Gupta. Is that correct?

1   MR. ANJOM: It's Mr. Anjom. A-N- --

2   JUDGE ARPIN: Mr. Anjom --

3   MR. ANJOM: -- -J-O-M.

4   JUDGE ARPIN: -- I'm sorry.

5   MR. ANJOM: It's fine.

6   JUDGE ARPIN: And I would like to begin

7 by asking Petitioner to step to the podium and make their

8 appearances.

9   MR. MICALLEF: Thank you.

10   Good morning, Your Honor. My name is Joe

11 Micallef with Sidley Austin for the HTC Petitioners. If I

12 may introduce some of my colleagues that are with me:

13 Mr. Dillon, from Sidley is here. He's going to operate my

14 slide show. My colleague, Mr. Holbreich, is in

15 attendance listening, and my client, Mr. Wiggins, is also

16 in the back.

17   JUDGE ARPIN: Welcome, gentlemen. It's a

18 pleasure to have you here in Denver. Petitioner, you may

19 return to your counsel's table --

20   MR. MICALLEF: Thank you.

21   JUDGE ARPIN: -- Counselor.

22   Patent Owner, if you would make your

23 appearances, please.

24   DR. GONSALVES: My name is Dr. Gregory

25 Gonsalves. I'll be presenting on behalf of the Patent

DOCKET ALARM

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS
Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS
Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS
Sync your system to PACER to automate legal marketing.

fastcase
Smarter legal research.
