Pursuant to Fed. R. Civ. P. 26 and 33, Plaintiff Finjan, Inc. ("Finjan") responds to Defendant Symantec Corporation ("Symantec" or "Defendant")'s Second Set of Interrogatories ("Interrogatories"). Finjan makes these objections and responses herein (collectively "Responses") based solely on its current knowledge, understanding, and belief as to the facts and information reasonably available to it as of the date of the Responses.

Additional discovery and investigation may lead to additions to, changes in, or modifications of these Responses. The Responses, therefore, are given without prejudice to Finjan's right to supplement these Responses pursuant to Fed. R. Civ. P. 26(e), or to provide subsequently discovered information and to introduce such subsequently discovered information at the time of any trial or proceeding in this action.

GENERAL OBJECTIONS

- Finjan hereby incorporates by reference each and every general objection set forth 1. below into each and every specific Response. From time to time, a specific Response may repeat a general objection for emphasis or for some other reason. The failure to include a general objection in a specific Response shall not be interpreted as a waiver of that general objection to that Response.
- 2. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent that they are vague, ambiguous, unintelligible, or compound.
- 3. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent that they are overly broad and seek information not relevant to the claim or defense of any party.
- 4. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent that they are not reasonably calculated to lead to the discovery of admissible information.
- 5. Finjan objects to each and every Interrogatory, Definition and Instruction to the extent they seek information that is not relevant to the issues in the litigation

| prop | erly limit | ed in time. |

- 7. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent that they are unduly burdensome and oppressive, to the extent they subject Finjan to unreasonable and undue effort or expense.
- 8. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent that they seek information beyond Finjan's actual knowledge, custody, or control.
- 9. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent they are unreasonably cumulative or duplicative.
- 10. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent they seek information that is obtainable from some other source that is more convenient, less burdensome, or less expensive.
- 11. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent that they seek information within Defendant's possession, custody or control.
- 12. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent they seek information in the public domain, information equally available to Symantec from another source and/or information that can be obtained more efficiently by Symantec through other means of discovery. Defendant can ascertain such information from its own records or from other sources at least as readily as Finjan.
- 13. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent that they seek confidential, business, financial, proprietary or sensitive information, or trade secrets of third parties, which may be subject to pre-existing protective order(s) and/or confidentiality

agreements or in which any third party has an expectation of privacy. Such information shall not be provided absent an express order to the contrary from a court of competent jurisdiction, or an authorization from the third party having the interest in the information's confidentiality.

- 14. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent they seek information protected by the attorney-client privilege, the work product doctrine, or any other applicable law, privilege, doctrine or immunity. Finjan will not disclose any information so protected, and the inadvertent disclosure or identification of any such information is not intended as, and will not constitute, a waiver of such privilege, doctrine, or immunity.
- 15. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent they call for a legal conclusion. Finjan's responses shall not be construed as providing legal conclusions concerning the meaning or application of any terms used in Defendant's Interrogatories.
- 16. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent that they are premature, as they seek documents that are set to be disclosed on scheduled dates directed by the Court or the Northern District of California Patent Local Rules.
- 17. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent that they are premature as the Court has not yet construed the claim terms of the Patents-in-Suit.
- 18. Finjan objects to each and every Interrogatory, Definition, and Instruction as premature to the extent they seek information that will be the subject of expert testimony.
- 19. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent that they impose obligations inconsistent with the agreed upon portions of the Joint Case Management Statement filed on October 13, 2014 at Dkt. No. 46.

- 20. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent they assume or mischaracterize any facts. Finjan's responses shall not be construed as agreeing to any facts or characterizations contained in Defendant's Interrogatories.
- 21. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent that they purport to impose any requirement or discovery obligation greater than or different from those imposed by the Federal Rules of Civil Procedure, the Local Rules of this Court, or orders of the Court governing these proceedings.
- 22. Finjan objects to each and every Interrogatory, Definition, and Instruction to the extent that they are unduly burdensome and oppressive on the grounds that they purport to require Finjan to search its facilities and inquire of its employees other than those facilities and employees that would reasonably be expected to have responsive information. Finjan's Responses and productions are based upon: (1) a search of facilities and files that could reasonably be expected to contain responsive information and (2) inquiries of Finjan's employees and/or representatives who could reasonably be expected to possess responsive information.
- 23. Finjan objects to each and every Definition, Instruction, and Interrogatory to the extent it is compound and/or contains multiple subparts. Finjan will count each subpart as a separate interrogatory pursuant to Federal Rule of Civil Procedure 33(a). Finjan will not respond to interrogatories in excess of the allotted number of interrogatories established in the Court's scheduling order.
- 24. Finjan's written responses and production of documents are not intended to waive, and do not constitute waiver of, any objection that Finjan may have to the admissibility, authenticity, competency, relevance, or materiality of any documents produced or referred to in response to an Interrogatory. For any and all written responses and production of documents, Finjan reserves all
