Introduction

The Installation Process

**Warm Shell Space -
Ready for Walls and Furniture**

This manual outlines the installation procedures for Genius® floor-to-ceiling movable wall partitions and various accessory components. It is a guide to prepare, position, adjust, connect and trim panels for a typical installation.

The installation instructions assume an appropriate floor plan has been established. Use the floor plan in combination with this manual as a reference for the location and orientation of the various Genius® components and finishes. Also, special installation instructions and detail drawings will be provided on the floor plan. This manual should be completely reviewed before any installation begins.

Genius® is a custom product and additional technical information may be required. For additional information please contact:

Required Tools

Tools required on a typical job:

- 2' or larger Level
- $\frac{3}{8}$ " & $\frac{7}{16}$ " Nut Driver and Screwdriver for ceiling channel
- $\frac{3}{4}$ " Wrench for leveling panel
- Grapple Hooks are included to move panel(s) **A**
- Door Tool **B**
- To remove panel, skins use your Hand or a Flat Screwdriver to get started
- To install flush or recessed connectors, use your Hand
- Chop Saw (12" with sliding mitre recommended) with Steel & Aluminum Blade for straight cuts on steel ceiling channel and aluminum base cover
- Tape Measure
- Screwdrivers
- Plastic Mallets
- Hacksaw
- Aviation Snips or Powered Metal Shear
- Drill/Drivers with Drill & Screwdriver Bits
- Ladders: recommended at least one Ladder per two workers (minimum of two Ladders) to safely reach ceiling

Note: Specific types of tools may be required in cases where special components are used, or non-standard hardware and custom modifications are required.

Tools Required

A Grapple hooks

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
