Steve,

RPX Exhibit 1026

Would you be amenable to signing the Board's standard protective order in advance of your requested call? If the Board has any questions that relate to confidential information it might make the call more productive if we have a protective order in place in advance.

Please let us know.

Thanks,
Rich

We are counsel to the patent owner in the three identified IPRs. The three petitions were filed 8-17-2015. We would like a conference call with the Board for permission to move for additional discovery in these three cases on the issue of real party in interest. We have asked the petitioner, RPX Corp, to cooperate in providing additional discovery. After reviewing our proposed document requests, Petitioner refused to cooperate. Thus, patent owner would like to file a motion for permission to serve the document requests and to receive a response on an expedited basis.

Counsel for patent owner and petitioner are available September 16 from 2:30-6 pm and on September 18 at any time.

Respectfully,

/Steven C. Sereboff/
