I, Kevin S. Prussia, declare as follows:

1. I obtained a B.A. from New York University in 2001, and a J.D. from the Boston University School of Law in 2006.

2. I am currently a partner in the law firm of Wilmer Cutler Hale and Dorr LLP, a position which I have held since January 1, 2015. In my 10 years of law practice, I have focused primarily on representing clients in patent litigations involving the chemical and pharmaceutical arts in United States district courts and the Court of Appeals for the Federal Circuit. Through this work, I have gained extensive experience as a litigating attorney, particularly in patent cases.

3. I am a member in good standing of the Bars of the Commonwealth of Massachusetts and the State of New York. I am admitted to practice before the U.S. District Court for the District of Massachusetts. I am also admitted to practice before the U.S. Court of Appeals for the First Circuit, and the U.S. Court of Appeals for the Federal Circuit. I am also admitted to practice before the Supreme Judicial Court for Suffolk County, Massachusetts, and the State of New York Supreme Court Appellate Division, Third Judicial Dept.

4. Concurrently with this application, I am applying to appear *pro hac vice* in IPR2015-01835. In the past three years, I have appeared *pro hac vice* in seven other matters. Also in the past three years, I have applied to appear *pro hac*

*vice* before the Office in the following proceedings: IPR2015-01300, IPR2015-01377, IPR2015-01279, IPR2015-01277, IPR2015-01368, IPR2015-01362, and IPR2015-01375.

5. I have substantial familiarity with the subject matter at issue in this proceeding. I have developed a strong familiarity with U.S. Patent No. 7,932,268, its prosecution history, its general subject matter, and the prior art references relied upon by Petitioner in support of its invalidity grounds in this proceeding. Over the last year, I have represented Aegerion, exclusive licensee of U.S. Patent No. 7,932,268, in connection with various intellectual property matters relating to Aegerion's brand name product, JUXTAPID®. Furthermore, I became actively involved in IPR2015-01836 shortly after the filing of the Preliminary Patent Owner Response, and I have thoroughly reviewed the Petition and accompanying Exhibits submitted in this proceeding. In that capacity, I have attended depositions of Patent Owner's experts, and I have also assisted with the selection of experts, as well as with the preparation of expert reports, the Patent Owner Response, the Motion to Amend, the Patent Owner Response in Support of the Motion to Amend, and other related documents.

6. I have never been suspended or disbarred from practice before any court or administrative body.

7. I have never had an application for admission to practice before any court or administrative body denied.

8. I have never been subject to any sanction or contempt citation imposed by any court or administrative body.

9. I have read and will comply with the Office Patent Trial Practice Guide and the Board's Rules of Practice for Trials set forth in part 42 of 37 C.F.R.

10. I agree to be subject to the USPTO Rules of Professional Conduct set forth in 37 C.F.R. §§ 11.101 *et. seq.* and disciplinary jurisdiction under 37 C.F.R. § 11.19(a).

11. I declare under penalty of perjury that the foregoing is true and correct. I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
