1   DR. BRAD A. MYERS,

2   Having been first duly sworn/affirmed, was examined

3   and testified under oath as follows:

4   EXAMINATION

5   BY MR. DAVIS:

6   Q   Good morning, Dr. Myers.

7   A   Good morning.

8   Q   Welcome back, so to speak that is. My

9   name is Walter Davis, as I told you a second ago. I

10   met you during your earlier deposition in this

11   matter. At that point my partner, Mr. Helge, was

12   asking you the questions. Today I'll ask you

13   questions. Okay?

14   A   Okay.

15   Q   Do you understand, Dr. Myers, that you're

16   here to provide additional testimony in two IPRs?

17   A   Yes.

18   Q   And those, I'm sure you don't necessarily

19   know the IPR numbers off the top of your head, but I

20   think the last four digits for each are 1898 and

21   1899. Does that sound about right to you?

22   A   Sure.

DOCKET ALARM

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.

fastcase®
Smarter legal research.
