Claim Examples

'020 Patent Claim 1

A computing device comprising a display screen,

the computing device being configured to display on the screen a main menu listing at least a first application, and

additionally being configured to display on the screen an application summary window that can be reached directly from the main menu,

wherein the application summary window displays a limited list of at least one function offered within the first application,

each function in the list being selectable to launch the first application and initiate the selected function, and

wherein the application summary window is displayed while the application is in an un-launched state

'476 Patent Claim 1

A computing device comprising a display screen,

the computing device being configured to display on the screen a menu listing one or more applications, and

additionally being configured to display on the screen an application summary window that can be reached directly from the menu,

wherein the application summary window displays a limited list of data offered within the one or more applications,

each of the data in the list being selectable to launch the respective application and cause the selected data to be seen within the respective application, and

wherein the application summary window is displayed while the one or more applications are in a launched state

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
