

AGENCY TELEPHONE CONTACT REPORT

| | | | |
|-------------------------------------------------------------------------------------------------------|--|------------------------------------------------------|-------------------------------------------|
| PRODUCT: BG00012 | | Application #: IND 73,061 | |
| DATE/TIME OF CONTACT 27 October 2006, 02 November 2006 and 03 November 2006 | | INCOMING: <input checked="" type="checkbox"/> | OUTGOING: <input type="checkbox"/> |
| AGENCY REPRESENTATIVE(S): James Reese, Project Manager 301-796-1136 | | | |
| Biogen Idec PARTICIPANT(S): Tammy Sarnelli | | | |
| SUBJECT: Receipt of the Request for Special Protocol Assessments (SPA) for Studies 301 and 302 | | | |

On October 27, 2006 I left Jim Reese a voicemail to notify him that Biogen Idec submitted 2 Phase 3 SPAs to the Agency for review. I also requested confirmation that the 45-day review period would end on December 11, 2006. I followed the voicemail message with an email as well.

On November 2, 2006, Jim Reese sent an email stating that he had received the 302 SPA (Serial No. 0013) but was searching for the 301 SPA (Serial No. 0012). He stated that he would let me know if he could not find it, but he was certain he would.

On November 3, 2006, Jim Reese sent an email stating that the goal date for review is December 11, 2006.
