Counsel:

Patent Owner's (Senju's) time for filing any opposition to InnoPharma's motions for joinder in IPR809, IPR090, and IPR091 is extended from December 11, 2015, to December 18, 2015.

The parties are requested to address the following matters during the telephone conference set for December 11, 2015, at 2 pm EST, pertaining to the alleged "agreed upon proposed schedule that would apply to all ten (10) IPRs" ("Proposed Global Schedule"). Email to Board from Mr. Bryan Diner ("Diner Email") (transmitted December 4, 2015).

1. IPR902 is not the subject of a motion for joinder. The panel shall not disturb the hearing date set in IPR902.
2. IPR903 is the subject of a motion for joinder filed in IPR871. Should the petition and motion for joinder be granted in IPR871, the joined proceeding in IPR903 shall proceed on the schedule currently set in IPR903. See IPR871 (Paper 10) (reflecting agreement to conditions of joinder

IPR2016-00089 (Patent 8,754,131 B2)
IPR2016-00090 (Patent 8,871,813 B2)
IPR2016-00091 (Patent 8,927,606 B1)

that will not increase the complexity of IPR903 to a degree warranting a change in the schedule set in IPR903).

3. The parties should address the Proposed Global Schedule as it relates to the remaining seven (7) IPRs identified in the Diner Email, keeping in mind that the Board shall enter no schedule in any IPR before determining that the petition warrants institution.

4. Regarding the motions for joinder that are pending in IPR089, IPR090, and IPR091, please address the following issues: a) To facilitate our consideration of the motions, will InnoPharma agree to proceed in IPR097, IPR100, and IPR105 based only upon the arguments and evidence advanced by Lupin in those earlier-filed actions and accept a back-seat, “understudy” role in the joined proceedings, without any right to separate or additional briefing or discovery, much as Lupin has agreed in connection with the motion for joinder pending in IPR871 (see Paper 10); b) In the event that the petitions and joinder motions are granted, will Lupin permit InnoPharma to rely upon its declarant(s) in the joined proceedings.; and (c) in this scenario, would Senju oppose joinder.
