

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

Palo Alto Networks, Inc. and
Blue Coat Systems, Inc.,
Petitioners

v.

Finjan, Inc.
Patent Owner

Case No. IPR2016-00159¹
U.S. Patent No. 8,677,494

**SUPPLEMENTAL DECLARATION OF AVIEL D. RUBIN IN SUPPORT
OF PETITIONER'S REPLY**

¹ Case IPR2016-01174 has been joined with the instant proceeding.

I, Aviel Rubin, declare as follows:

1. I have personal knowledge of the facts stated in this declaration, and could and would testify to these facts under oath if called upon to do so.

2. I have been retained by counsel for Palo Alto Networks, Inc. (Petitioner) in this case as an expert in the relevant art. I am being compensated for my work at the rate of \$688 per hour. No part of my compensation is contingent upon the outcome of this petition.

3. Petitioner's Exhibit 1002 is a true and correct copy of a declaration I signed on or about November 6, 2015.

4. As stated in my November 6, 2015 declaration, I am one of the co-authors of the Martin paper. I attended the 1997 Symposium on Network and Distributed System Security (NDSS) held in San Diego, California, on February 10-11, 1997, at which the Martin paper was presented. There were about 400 attendees at the NDSS conference, and anyone who considered themselves a serious researcher in security submitted their work to that conference. Those who attended the NDSS conference received a copy, at the conference, of the printed conference proceedings, which included the Martin paper.

5. As also stated in my November 6, 2015 declaration, I still have my personal copy of the proceedings that I received at the 1997 NDSS conference, including the Martin paper. My copy of Martin matches the version of Martin

included as Petitioner's Exhibit 1006. To my knowledge, we as authors only ever produced one version of the Martin paper, which was the paper distributed at the 1997 NDSS conference.

6. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001.

Dated: November 15, 2016

Respectfully submitted,

Aviel D. Rubin
