Counsel: Petitioner is required to meet and confer with Patent Owner regarding Petitioner's asserted filing date issue. The parties shall respond to the Board in a joint email indicating whether Patent Owner opposes Petitioner's request to adjust the filing date accorded. If agreement is not reached, the parties should include in the email times that they are available for a conference call to be held this week. The parties are reminded that substantive communications with the Board should include all parties to the proceeding.

Dear Ms. Vignone, thank you very much. Is there a rough estimate as to when a panel will be assigned?

Thank you in advance.

Subject: IPR2016-00280; IPR2016-00281; IPR2016-00282: PRPS Technical Difficulties

Dear Trials:

Petitioner Teva Pharmaceuticals USA, Inc. filed three petitions tonight, assigned case numbers IPR2016-00280; IPR2016-00281; and IPR2016-00282. During the course of the filing, Petitioner encountered several serious PRPS technical errors, primarily involving file uploading and the credit card payment system. PRPS crashed several times and would not accept payments. Petitioner attempted, for example, to submit credit card payments (using several different credit cards) through two separate PRPS accounts (for Eleanor Yost and Elizabeth Holland), which were all declined. Petitioner ultimately was able to pay using a credit card, but the technical issues delayed the overall submission of Petitioner's documentation package in each case. The case documents were loaded onto PRPS during the payment difficulties and served on patent owner. Petitioner respectfully requests that the petitions be accorded a 12/3 filing date. Petitioner will be happy to arrange for a teleconference at the Board's convenience to discuss the matter further.

Respectfully

Eleanor M. Yost
Counsel for Petitioner
