1   TELEPHONE PROCEEDINGS

2   JUDGE WEINSCHENK: This is Judge

3   Weinschenk. Case numbers IPR2016-00569,

4   00572, 00573 and 00574. Who do we have

5   on the line for petitioner?

6   MR. PARIKH: Good afternoon, Your

7   Honor. This is Amol Parikh from

8   McDermott, Will & Emery on behalf of

9   petitioner AMX, and with me is my

10   colleague, Brent Hawkins, also with

11   McDermott.

12   MR. GREENE: And, Your Honor, this

13   is Bert Greene, who is a backup counsel

14   on the -- for the petitioner on the 569

15   and 574 cases.

16   JUDGE WEINSCHENK: Do we have

17   different groups of petitioners then for

18   the different cases?

19   MR. PARIKH: That's correct, Your

20   Honor. This is again Amol Parikh.

21   AMX is a petitioner in each of the

22   four cases. Dell is a co-petitioner in

23   the 569 case and the 574 case.

24   JUDGE WEINSCHENK: Okay. And who

25   do we have on the line for patent owner?

DOCKET ALARM

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS
Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS
Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS
Sync your system to PACER to automate legal marketing.
